Eliminating rounds will take place on Saturday morning and afternoon.

The Finals will be on Sunday morning (the first 12 archers in each category pass).

After the Finals there will be a Medieval luncheon with all the finalists, authorities and guests, followed by the historical procession with all of the participating countries carrying their banners, and lastly, the awards ceremony.

The manifestation will come to a close with the lowering of the banner assisted by the Vigili (Municipal Police) of Incisa in Val D'Arno in formal uniform.

Throughout the two days, there will be various forms of entertainment in Medieval theme.

.....PUBLICITY.....

There will be posters displayed in the various cities, a brochure with information about the manifestation, television spots and newspaper headlines, as well as coverage in L' Arco, the national bi-monthly archery magazine.

There will also be gadgets and souvenirs to commemorate the event.

.....ACCOMODATIONS AND WELCOMING.....

- Welcome will begin at the highway exit where there will be a small wooden lodge displaying a banner bearing the M.A.E.C. logo from Friday 13 September 2013.
- Further reception will take place at “IL GIRASOLE,” at NORCENNI, Figline Valdarno, to direct people to their various bungalows, campers or tents.
- Another reception point during the entire event will be the Vivaio, heart of the manifestation.
- There will also be a Medieval market at the Vivaio, as well as portable sanitary facilities.
- For those staying at “IL GIRASOLE,” shuttle service will be provided back and forth to the Vivaio.

Several social service associations, such as UNITALSI, will be available at the Vivaio to assist people with disabilities who wish to participate in the event. There will also be appropriate menus available for those with celiac disease or other nutritional

sensitivities. Experts in sign language will be present, as well as medical services providers (ambulance, for example).

Any information regarding special needs should be included in the registration proceedings so that the organizers are aware in advance of how many participants will require support and assistance. Registration should be received by the L.A.M. secretariat no later than two months prior to the normal registration deadline in order to ensure a sensitive influx between archers and companions.

Naturally, interpreters will also be present.

## IN ADDITION

The presentation of the event, along with the regulations and registration forms, will be sent to all of the federations and groups of archers in Italy and Europe, duly translated into the appropriate language. The objective of this project is to increase the appreciation of the territory and all of Tuscany, highly deserving of the 1<sup>st</sup> edition of this event.
